

BOWKER'S

Best Reference Books:

ARRANGED BY SUBJECT HEADINGS

Bowker's Best Reference Books: Arranged by Subject Heading is a 2-volume compilation of bibliographic information on more than 42,000 hand selected entries recommended for your reference desk. Locate topical reference books with this alphabetical listing of more than 3,961 main LC subject headings. Perfect for any school or public library, **Bowker's Best Reference Books** will provide you with appropriate subject titles from anatomy to zoology.

All reference books were considered during selection, including dictionaries and subject bibliographies. Titles were carefully selected by more than 150 subject specialists from esteemed institutions around the US. Strict criteria was used in title selection and results were compiled to represent a "best reference book" for a particular subject.

All entries contain author, title, title description, publisher, location, publication date, ISBN, Dewey Decimal Number, LC Classification Number, LCCN, and ISSN when applicable.
