

BOOKNET INVENTORY MANAGEMENT

Thorpe-Bowker's **BookNet** is a joint offering from **UniLink** Data Systems and **Thorpe-Bowker**. Together we have been providing **BookNet**, **Global Books In Print**, the **Weekly Book Newsletter**, **BOOKSELLERS+PUBLISHER** magazine and **Media Extra** as a subscription for the past 7 years. The package is designed to be the "One-Stop" solution providing booksellers with market intelligence and all the tools needed to increase efficiencies and maximise sales.

INVENTORY MANAGEMENT

BookNet is a Windows based inventory management solution designed specifically for booksellers.

BookNet provides the complete suite for inventory management including: an intuitive interface, point-of-sale, returns, receiving, stocktake, purchasing, reporting and customer management.

BookNet can be tailored to suit your business - from single store to a branch network.

BookNet allows you to choose the modules and the **Thorpe-Bowker** services which best meet the needs of your business.

At a glance

- ▶▶ **Phone and internet support**
- ▶▶ **Easy-to-use, intuitive interface**
- ▶▶ **Integration to accounting packages reducing double-entry**
- ▶▶ **Seamless web integration with **Global Books In Print & Titlepage****
- ▶▶ **Integrated EFTPOS**
- ▶▶ **Multi-store shop connectivity**
- ▶▶ **Comprehensive reporting**
- ▶▶ **ONIX and ISBN-13 compliant**

*"Making the change to **BookNet** in September 2002 was amazingly smooth and trouble-free, and in the years since we have built our business substantially. We have had a great relationship with **Unilink** and feel that the partnership has been a key element in our transition from a small to a medium-sized independent bookshop".*

Chris Redfern

"The Avenue Bookstore"

Leading Edge and ABA Bookseller of the Year 2005

THORPE-BOWKER SERVICES

modules available

- Point-of-Sale
- Special Orders
- Purchasing
- Inventory/Customer management
- Loyalty Program
- Accounts Receivable
- Accounts Payable
- Café Module
- Returns
- BookWeb online shopping interface

ACCOUNTS RECEIVABLE

With more bookshops looking outside the square to generate business, the ability to invoice is an important part of the **BookNet** solution. **BookNet** invoicing allows bookstores to attract business from libraries, schools and other large account customers. To track outstanding invoices **BookNet** provides an accounts receivable module.

ACCOUNTS PAYABLE

BookNet allows you to run your financials from within the system. The facilities provided include payment runs, cheque printing, listings, trial balances and end-of-month transfer capability into preferred financial packages such as MYOB, Quicken...

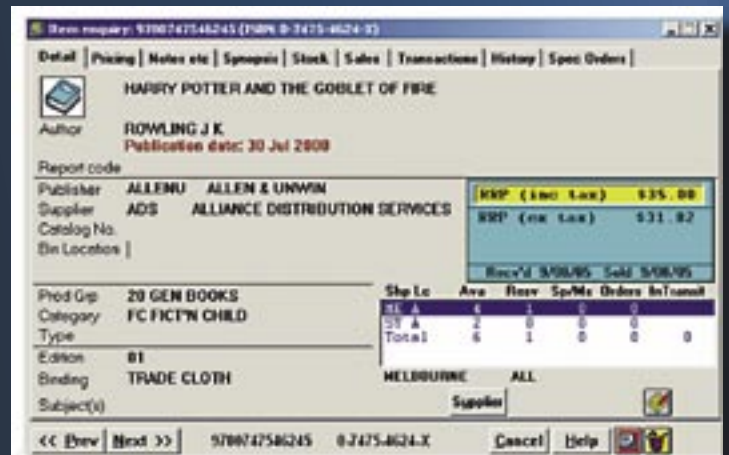

MULTI-STORE CONNECTIVITY

Thinking of opening another store? **BookNet** offers a cheap alternative for connecting your store's using one database over the internet. This solution reduces data entry and centralises procedures such as ordering, accounts and similar functions. **BookNet** allows you to grow whilst minimising the costs related to systems growth.

TB's range of services promote staff knowledge, improve customer service and increased work-flow efficiencies, whilst improving cash-flow via a subscription model. We also provide the most up-to-date and richest title information online, which can be delivered directly into the **BookNet** inventory system via the API link.

Global Books In Print (GBIP), the world's leading online bibliographic resource for book professionals, makes finding the books your customers are looking for easy. The database contains over 14.8 million titles, with publisher/distributor information, along with reviews, jacket images and much more.

- **The Weekly Book Newsletter (WBN)** - with the latest industry news and intelligence. Now fully integrated with **Global Books In Print**, so that users can click on a title mentioned in the WBN and find it immediately within GBIP.
- **BOOKSELLER+PUBLISHER magazine** - the journal of the Australian book industry.
- **Media Extra** - helps booksellers to anticipate demand by tracking mentions of books in over 40 mainstream media outlets nationally.
- Spread the payments for **BookNet** and **Thorpe-Bowker** services out over the year by using the quarterly subscription service.

INTERNET SHOPPING, SEARCHING, ORDER TRACKING AND PAYMENT INTERFACE

BookWeb provides you with the opportunity to turn your **BookNet** Inventory Management System into an online shopping basket. **BookWeb** allows customers to place orders, search for items, check accounts, track orders and make payments in a secure environment over the internet.
