

ChildrensBooksInPrint.com™

Bowker's **ChildrensBooksInPrint.com** is the most authoritative database of reading and educational/textbook print and multimedia materials for the children's and young adult markets, including information on books, textbooks, audio books, DVDs, videos, and e-books. **ChildrensBooksInPrint.com** lets you search over 550,000 titles by 5,000 plus subjects, age and Lexile® level, as well as by a specific series, characters or awards. This extensive resource also offers 167,000 full-text reviews and over 13,000 annotations. Hooks to Holdings™ allows you to link to a library's catalogue system to tell you whether a title is available or has been checked out. OCLC WorldCat linking is also available to their subscribers.

Quickly create a title list for curriculum planning or acquisition that can be downloaded, printed, or e-mailed. Lists can contain brief or full details that you can save or share with colleagues.

Perfect for a children's bookstore, school or public librarian, **ChildrensBooksInPrint.com** offers more than just bibliographic data. Ideas for helpful reading-related projects, educational children's websites and new learning tools are also available on the site.

FOR LIBRARIES ...

Bowker's Hooks to Holdings™ allows users to search their library's catalogue directly to see if the title they're interested in is available or has been checked out, or joint subscribers can link to OCLC WorldCat for interlibrary loans. You can check stock availability from over 26 suppliers, order titles directly from Emery-Pratt or BookSurge, and purchase out-of-print and rare titles from Alibris. **ChildrensBooksInPrint.com** also offers downloadable records in ASCII, CSV, MARC and many other vendor-specific formats, eliminating the need to re-key information.

FOR BOOKSELLERS ...

Stay on top of hot trends with Media Mentions, where you can find titles mentioned on popular broadcasts and publications. Improve customer service by using our professional reviews to recommend titles. Locate and order rare and out-of-print titles through Alibris. Download title information in a POS compatible format to save time and prevent re-keying errors.
