

Ulrich's ON DISC™

With Critical Evaluations from
Magazines for Libraries,
Library Journal, and others

Ulrich's ON DISC combines its unquestioned periodicals authority with a dynamic user interface to provide the most complete CD-ROM resource available for managing your periodical, serial and annuals data. With over 175,000 active and forthcoming titles, **Ulrich's ON DISC** is a reliable source for all your serials needs. The disc contains over 7,500 reviews and over 100,000 brief serial descriptions, which aid in collection development and management.

Updated quarterly, **Ulrich's ON DISC** comes complete with contact information for over 130,000 publishers and distributors, as well as URL links to other vital contacts. A fully customized toolbar allows for improved searching and sorting capabilities. You can add notes, append and link reviews and even flag records for future use.

A trusted tool for streamlining your serials information environment, **Ulrich's ON DISC** offers complete bibliographic information, annotations, critical reviews, pricing, subscription, distribution details and access options such as document delivery, indexing and online services.
